WEBSITE GROWTH AUDIT

Dr Haus Dermatology

drhausdermatology.com | Harley Street, London | Prepared for the Dr Haus team

CQC rated care, strong reviews and an established Harley Street name are strengths, but dead menus and typos in reviews appear to weaken a premium brand.

What I found on your website

What I saw	What it costs you	The fix
The menu headings Face And Neck, Body, Facials, Skin and General link to #, and Laser Scar Reduction links to the acne scar page.	Patients browsing treatments hit dead ends or land on the wrong page.	**Working menus and correct treatment links.**
The footer block Medical, Laser Skin Treatments, Teenagers, General appears twice, and the same treatments are listed under both Face and Neck and Skin.	Repeated blocks make the page feel cluttered and hide what matters.	**One clean treatment structure.**
Reviews show 'Dr Haus Dermtology', 'experencing' and 'Dr Atessa AssimShe', and Ultherapy PRIME and Ultherapy Prime are both used.	Unedited text and mixed spellings weaken a premium medical brand.	**Proofread reviews and one consistent naming style.**
The callback form shows a visible validation note and a Captcha label with no visible captcha, and the page says award winning without naming an award.	Leftover form text and unnamed awards reduce trust at the point of enquiry.	**A clean tested form and named, linked awards.**

What your new website will do for Dr Haus Dermatology

- Working menus and one clean treatment structure.
- A clean enquiry form with a WhatsApp option.
- Named awards, linked CQC report and proofread reviews.
