WEBSITE GROWTH AUDIT

Emirates Dermatology and Cosmetology Center

edcc.ae | Abu Dhabi, UAE | Prepared for Dr Mouza Al Suwaidi and team

A well established Abu Dhabi dermatology centre appears to lose treatment bookings to misdirected buttons and no on page booking.

What I found on your website

What I saw	What it costs you	The fix
The hero and Profhilo Learn More buttons both appear to point to the Sweat Botox page.	Patients interested in Profhilo land on the wrong treatment.	**Each button linked to its own treatment page.**
The Book Now buttons appear to lead only to a contact page or WhatsApp, with no on page booking form.	Patients who want to book at night or on mobile face extra steps and drop off.	**A booking form on the page with date and treatment.**
The reviews area appears to show a leftover placeholder line, Rated 5 out of 5, with blanks, and only three reviews appear.	Placeholder text and thin proof weaken high value treatment sales.	**Real reviews with names and treatments.**
The doctor name appears as Dr. Mouza Al-Suwaidi in the menu and Dr. Mouza Al Suwaidi in the body, and Old Blog appears in the footer.	Small inconsistencies make a premium clinic look careless.	**Consistent names and retired old content.**

What your new website will do for Emirates Dermatology and Cosmetology Center

- Correct treatment links.
