WEBSITE GROWTH AUDIT

fam Properties (Dubai Marina)

famproperties.com | Dubai, UAE | Prepared for the Dubai Marina office team

A large Dubai brokerage office page appears to lose enquiries to non dialling links, one WhatsApp number for all brokers and thin proof.

What I found on your website

What I saw	What it costs you	The fix
The office phone link appears to lack a country code while the footer number has one, and the chat widget appears to use a US format number.	Callers from abroad may fail to connect, and the chat number looks wrong for Dubai.	**Proper call links and one verified chat number.**
Every broker WhatsApp button appears to point to the same number.	Clients cannot reach the specific broker they chose.	**Each broker linked to their own number.**
The Dubai Hills and Dubai South addresses appear truncated, two offices appear to share one address, and the count of 34 brokers appears to be 35.	Address and count errors make the office look careless.	**Complete addresses and correct counts.**
No client reviews or transaction figures appear for this office, and Talk to this office appears to lead to the general contact page.	Owners and buyers want proof and a direct next step.	**Office reviews, results and a direct office form.**

What your new website will do for fam Properties (Dubai Marina)

- Working call links.
- Broker contact numbers.
- Reviews and direct forms.
