WEBSITE GROWTH AUDIT

Gulf Pearl Dental Clinic

gulfpearldental.com | Abu Dhabi, UAE | Prepared for the team

An Abu Dhabi clinic with around a dozen listed doctors, Arabic and English service and WhatsApp booking is a strength, but three different phone numbers and repeated doctor cards appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
Three different phone numbers appear (+97125031111, 97125031100 and 971501250404) across the call button, offers and doctor cards.	Patients may call or message the wrong line and give up.	**One verified number per channel.**
The Services menu and the cosmetic dentistry and orthodontics parent items appear to link to #, and some read more links appear to use malformed web addresses.	Visitors cannot reach your service pages from the menu.	**Working service pages and correct links.**
Doctor cards appear repeated two or three times, some doctor names appear garbled, and the doctor button text appears to show a leftover image file name.	Repeated cards, garbled names and file names look unprofessional in a medical brand.	**One clean card per doctor with correct names.**
A New Year offers section appears with no end date, no testimonials or before and after cases appear, and the booking form appears to show no clear submit button.	Stale offers and missing proof lose trust, and a form without a button loses bookings.	**Dated offers, real reviews and a working booking form.**

What your new website will do for Gulf Pearl Dental Clinic

- One verified number per channel.
- Working service pages.
- Clean doctor cards, dated offers and a working booking form.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
