WEBSITE GROWTH AUDIT

Harley Street Prestige Medical

harleystreetprestigemedical.com | Harley Street, London | Prepared for the clinic team

A broad dermatology and aesthetic offer is a strength, but counters showing zero, typos and no visible booking form appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The counters for team members, years of experience, surgeries and satisfaction show 0 + and 0 %, and five blank bullets appear before the testimonials.	Broken figures remove the proof patients look for.	**Working counters and a clean testimonial block.**
The page shows 'Sexuality Transmitted Diseases', 'Were Here to Help You!' and 'State-Of-The-Art Facilitie'.	Typos on a medical page reduce trust.	**Proofread copy.**
The clinic appears under four names and the email domain harleystreet-prestigemedical.com differs from the site domain harleystreetprestigemedical.com.	Mixed names and domains confuse patients and weaken search visibility.	**One brand name and one domain for email and web.**
No enquiry or booking form is visible, the Chat with Doctor label shows no chat, and before and after images have no captions.	Patients who want to enquire online have no simple option.	**A direct booking form, working chat and captioned results.**

What your new website will do for Harley Street Prestige Medical

- Working counters, a clean testimonial block and proofread copy.
- A booking form and chat or WhatsApp on every page.
- One brand name, one domain and captioned results.
