WEBSITE GROWTH AUDIT

Horizons and Co

horizlaw.ae | Abu Dhabi, UAE | Prepared for the Horizons and Co team

An established Abu Dhabi and Dubai law firm appears to lose enquiries to a missing contact form and generic calls to action.

What I found on your website

What I saw	What it costs you	The fix
The Send message section appears to show a heading but only an image of a form, so there is no working contact form.	Prospective clients cannot write to the firm from the page.	**A working enquiry form.**
The only calls to action appear to be Read more and View our services, with no book a consultation prompt.	Visitors have no clear next step.	**A consultation button on every service.**
Typos such as inter national and the advent of AI appear, testimonials appear to end with 123456, and Arbitration appears to link to the homepage.	Typos and leftover text weaken trust in a law firm.	**Proofread copy and correct links.**
The footer appears to give no street addresses for either office, and the Winner award appears with no description.	Clients want to see where you are and what you won.	**Office addresses and detailed awards.**

What your new website will do for Horizons and Co

- Working form.
- Consultation buttons.
- Clean copy, addresses and awards.
