WEBSITE GROWTH AUDIT

Hush Aesthetic Clinic

hushclinic.wixsite.com/hush-clinic | London, UK | Prepared for the Hush Clinic team

A Hammersmith aesthetic clinic established in 2001 appears to lose bookings to a broken email link, a free builder address and a 2015 footer.

What I found on your website

What I saw	What it costs you	The fix
The email address appears with a space after the at sign, and the email link appears to be cut to info@g.	Patients who tap the email link reach no one, and you never see the lost enquiry.	**A working email link and a booking form.**
The site appears to run on a free Wix address, with a banner that says This website was built on Wix.	A free builder address looks temporary for a clinic that does injectables.	**Your own domain and a clean branded site.**
The footer appears to read 2015.	An old year suggests the clinic may not be active.	**A footer that updates by itself.**
The text Hammersmith Clini appears cut off, and no WhatsApp appears.	Cut off text looks careless and patients cannot message quickly.	**Fixed headings and WhatsApp.**

What your new website will do for Hush Aesthetic Clinic

- Working email and booking form.
- Own domain.
- Current footer and WhatsApp.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
