WEBSITE GROWTH AUDIT

Infinity Skin Clinic

infinityskin.com.au | Mosman and Surry Hills, Sydney | Prepared for Dr Charles Cope and the team

A plastic surgeon led clinic since 2004 with a full laser suite is a strength, but dead menu links and staging leftovers appear to cost you bookings.

What I found on your website

What I saw	What it costs you	The fix
The Mosman phone number appears as 02 9129 2244 in one header and 02 9307 2833 in the other, and no opening hours appear.	A client who dials the wrong number or cannot see hours may book elsewhere.	**One verified number and hours per clinic.**
Several menu items such as About, Treatments, Skin Boosters and Treatment of wrinkles appear to link to #, and the menu appears to spell 'Surry Hills Cinic'.	Visitors who click a treatment reach nothing.	**Working menu and proofread labels.**
Body copy appears to link to staging.infinityskin.com.au, and the Before & After gallery appears to show placeholder images only.	Staging links and a blank gallery weaken a cosmetic clinic where results sell.	**Live links and captioned before and after photos.**
Booking appears split across Zenoti and Gettimely depending on the practitioner, and the page appears to show 'visualise you skin' and the Vogue award with no source.	Split booking and unsourced awards confuse clients and weaken proof.	**One booking flow and a linked award.**

What your new website will do for Infinity Skin Clinic

- One booking flow, one number per clinic.
- Working menu and live links.
- Captioned results and sourced awards.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
