WEBSITE GROWTH AUDIT

Kayani Legal

kayanilegal.weebly.com | London, UK | Prepared for the Kayani Legal team

An Ilford solicitors firm appears to lose enquiries to leftover template instructions, awkward copy and a free builder address.

What I found on your website

What I saw	What it costs you	The fix
The text Let your visitors know how you would like stay in touch appears on the page, which looks like a template instruction.	Template instructions on a law firm page make the firm look unfinished.	**Real contact wording.**
The page title appears to begin with a lowercase kayani and read A Firm Solicitors, and the heading appears as A Firm Of Solicitor.	Naming errors in the firm's own title weaken trust.	**A proofread title and headings.**
Copy such as You explore areas of law on the website we outclass others appears on the page.	Garbled sentences make clients doubt a firm's attention to detail.	**Plain, proofread homepage copy.**
The site appears to run on a free Weebly address, and no WhatsApp appears.	A free builder address looks temporary and clients cannot message quickly.	**Your own domain and WhatsApp.**

What your new website will do for Kayani Legal

- Real contact wording.
- Proofread titles and copy.
- Own domain and WhatsApp.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
