WEBSITE GROWTH AUDIT

Kos Dental Studio

kosdentalstudio.com | Toronto, Canada | Prepared for Dr Kosta Abate and team

A Dupont Street dental studio appears to lose new patients to a default page title, jumbled opening hours and no quick way to message.

What I found on your website

What I saw	What it costs you	The fix
The page title appears as Home | My Site and the header appears to read My Site, which are default Wix names.	Google and browser tabs show My Site instead of your studio, so searchers do not see who you are.	**A title and header with the studio name and area.**
The opening hours appear jumbled, with times listed after Tuesday, Wednesday and Thursday that do not line up with the days.	A patient checking hours before booking may give up or turn up at the wrong time.	**A clean hours table.**
No online price guide, reviews or text option appear next to Book Now.	Patients compare studios on price and proof, and many prefer to text a question first.	**Reviews, price ranges and a one tap text button.**

What your new website will do for Kos Dental Studio

- Correct title and header.
- Clean hours and services.
- Reviews and quick contact.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
