WEBSITE GROWTH AUDIT

La Clinica

laclinica.com.sa | Riyadh | Prepared for the team

Named doctors and WhatsApp on the page are strengths, but template leftovers and one number for two branches appear to cost you bookings.

What I found on your website

What I saw	What it costs you	The fix
The cookie banner appears to show raw template text such as {title} three times and Manage {vendor_count} vendors.	Visible code on the first screen makes a clinic look careless.	**Clean consent banner.**
The Khobar and Riyadh sections appear to show the same phone number and the same map link, and Book now and Book a consultation appear to go to different pages.	Patients cannot tell which branch to visit or where to book.	**Separate branch details and one booking flow.**
The brand appears as La Clinica, La clinica and Laclinica, the header and logo appear twice, and a For inquiries heading appears to have no content.	Mixed naming and empty blocks weaken trust and search visibility.	**One brand name and a clean layout.**
The page appears to show no patient reviews, ratings or years in operation, only one doctor with a stated certification, and 'Best dental clinic in Riyadh' repeated without proof.	Unsupported claims and no reviews lose patients who compare clinics.	**Real reviews, credentials and specifics.**

What your new website will do for La Clinica

- Clean consent banner and one brand name.
- Separate branch details and one booking flow.
- Real reviews and doctor credentials.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
