WEBSITE GROWTH AUDIT

Mabelle Dental

mabelledental.com | Toronto, Canada | Prepared for the Mabelle Dental team

An Etobicoke family dental office appears to lose new patients to placeholder testimonial text and a very long service menu.

What I found on your website

What I saw	What it costs you	The fix
The testimonials section appears to include placeholder Lorem ipsum text instead of real patient reviews.	Fake looking reviews cost trust exactly where a new patient is deciding.	**Real patient reviews with names and ratings.**
The menu appears to list more than 25 services and sub services in one long list.	Patients cannot find the service they came for and leave without booking.	**Grouped service pages with a clear next step.**
No WhatsApp or text option appears, only a phone number and an email.	Patients who want a quick answer message first, and the office that replies first gets the booking.	**A one tap text button.**

What your new website will do for Mabelle Dental

- Real reviews.
- Grouped services.
- Booking and text.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
