WEBSITE GROWTH AUDIT

Mackenzie Dental Centre

mackenziedentalcentre.com | Vaughan, Canada | Prepared for Dr Lloyd Pedvis

A Woodbridge family dental office with implants and cosmetic care is a strength, but dead booking buttons and no office hours appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
Book An Appointment appears three times and Book A Consultation appears twice, all linking to #, and no working online booking appears.	A patient ready to book hits a dead button and may leave.	**One working booking form behind every button.**
No office hours appear, and emergency dentistry appears featured with no after hours process.	Patients in pain cannot tell when or how to reach you.	**Visible hours and a clear emergency process.**
A review appears to say 'replying on a Sunday', the text appears to include a missing space ('Vaughan,Woodbridge'), and the header appears to serve Woodbridge and Vaughan while the body lists many more areas.	Typos and mixed service areas weaken a clinic's care image.	**Proofread copy and one clear service area.**
The before and after slider appears to show one image pair, testimonials appear with initials only, and the claim 'leading dentist' appears with no data.	Thin proof gives a new patient little reason to choose you.	**Real cases, ratings and named reviews.**

What your new website will do for Mackenzie Dental Centre

- One working booking form.
- Visible hours and emergency steps.
- Proofread copy and stronger proof.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
