WEBSITE GROWTH AUDIT

Madina Dental Center

madinadental.com | Doha, Qatar | Prepared for the Madina Dental team

A seven branch Doha dental group appears to lose patients to Arabic only proof on the English site, scattered phone numbers and a stale footer.

What I found on your website

What I saw	What it costs you	The fix
The English Patient Testimonials section appears to show Arabic text only.	English speaking patients cannot read the proof meant to win them.	**Translated testimonials on the English pages.**
The contact page appears to list up to three numbers per branch, with one number repeated across branches.	Patients do not know which line to call and may give up.	**One booking line per branch and a single main number.**
The page appears to claim 25+ years, 30+ doctors and 1000+ weekly visits, with no ratings or review count shown.	Big numbers without a review source are easy to doubt.	**A visible review rating linked to its source.**
The footer appears to read 2025.	An old year suggests the site is not kept up to date.	**A footer that updates automatically.**

What your new website will do for Madina Dental Center

- Translated testimonials.
- One clear booking line per branch.
- Visible ratings and a current footer.
