WEBSITE GROWTH AUDIT

Magnum Clinic

magnumclinic.ae | Dubai, UAE | Prepared for the Magnum Clinic team

A four branch Dubai clinic with 1,400 Google reviews appears to lose patients to conflicting hours and branch details.

What I found on your website

What I saw	What it costs you	The fix
Opening hours appear as Mon to Sat on one block and Mon to Sun for another branch, and JVC appears with a third version.	Patients may arrive when you are closed.	**One verified hours table per branch.**
All four branches appear to share one email, the Arjan branch appears to share the DSO phone number, and its address shows only Al Barsha South.	Patients cannot reach or find the branch they want.	**Own phone, email and full address per branch.**
The header button appears to read Book Appointment Book, and the map section appears to say Map preview loads when you scroll here.	Visible rendering errors make a medical brand look unfinished.	**A clean booking button and a working map.**
Sections and testimonials appear to repeat, and the price range appears as AED 800 to AED 25,000 with no starting price.	Repeats add clutter and a wide range gives no buying signal.	**One section each and clear starting prices.**

What your new website will do for Magnum Clinic

- Hours per branch.
- Branch contact details.
- Clean booking and pricing.
