WEBSITE GROWTH AUDIT

Melior Clinics

meliorclinics.co.uk | London, United Kingdom | Prepared for the Melior Clinics team

A multi clinic group with a Harley Street site appears to lose treatment bookings to dead menu parents and two booking paths.

What I found on your website

What I saw	What it costs you	The fix
Top level menu items such as Treatments, Locations, About and Laser treatments appear to link to #, and the hero button appears to link to an anchor that does not exist.	Patients exploring treatments hit dead ends.	**Working pages behind every menu item.**
The header Book a Treatment button appears to go to a contact page while Book online goes to a separate booking site.	Two booking paths confuse patients and lose bookings.	**One clear booking path.**
Clinic locations appear to differ between the footer, menu and contact form, and no opening hours appear.	Patients cannot tell where you are or when you are open.	**One location list and visible hours.**
Typos such as chat though your skin concerns appear, along with a Section Break form label and only one testimonial.	Typos and leftover labels weaken a medical brand and proof is thin.	**Proofread copy and more reviews.**

What your new website will do for Melior Clinics

- Working menus.
- One booking path.
- Consistent locations and proof.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
