WEBSITE GROWTH AUDIT

North Shore Prosthodontics

northshoreprosthodontics.com.au | Cremorne, Sydney | Prepared for Dr Ricky Lim

You already have a consultation form, before and after galleries and a payment plan, but missing reviews and leftover template text hold the page back.

What I found on your website

What I saw	What it costs you	The fix
No patient reviews or testimonials appear anywhere on the page.	High value implant and All on 4 patients check reviews before they call.	**A review wall pulled from Google.**
Our Services, For Patients and the footer address link point to #, and two header phone links have no visible text.	Dead links and a blank phone link lose enquiries from mobile users.	**Working menu and clear click to call.**
Leftover template text appears: Flyout Menu, Main Menu, Scroll to Top, and image titles from Home 1 to Home 22. The menu repeats three times.	Template leftovers look unfinished on a specialist site.	**Clean markup and proper image text.**
Copy is thin (offers solutions for various dental concerns), the Greek origin of prosthodontics looks incorrect, buttons say Learn More and Book Now, and there is no WhatsApp.	Vague copy gives patients no reason to pick you.	**Specific outcomes, proofread facts and a WhatsApp button.**

What your new website will do for North Shore Prosthodontics

- Google reviews beside your results galleries for each treatment.
- Specific, accurate copy and WhatsApp plus a simple booking path.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
