WEBSITE GROWTH AUDIT

Omar Al Atrash Dental Clinic

alatrashdental.wixsite.com/dental | Abu Dhabi, UAE | Prepared for Dr Omar Al Atrash and team

An Abu Dhabi family dental clinic appears to lose new patients to a free builder address, a 2018 date and a yahoo contact.

What I found on your website

What I saw	What it costs you	The fix
The site appears to run on a free Wix address, with a Wix banner on the page.	Patients check a clinic's credibility online first, and a free builder address looks temporary.	**Your own domain and a clinic email.**
The page appears to carry a 2018 copyright date.	An old date tells a patient the clinic may not be active, so they book a competitor.	**A fresh, current page.**
The only contact shown appears to be a yahoo address and one landline.	A free email gives less trust, and patients who want a quick answer have nothing faster than a call.	**A clinic email and a one tap WhatsApp button.**
No WhatsApp appears, and booking appears to depend on a Book Online link.	Patients in the UAE often message first, and a clinic that answers first wins the booking.	**Online booking on the page and WhatsApp.**

What your new website will do for Omar Al Atrash Dental Clinic
