WEBSITE GROWTH AUDIT

Ôra Face Clinic

orafaceclinic.ae | Palm Jumeirah, Dubai | Prepared for the Ôra team

A Palm Jumeirah location and a clear 360 approach are strengths, but repeated sections, a misspelled booking address and social links to another clinic appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The menu reads BOTOX TREATEMENTS, Book a Consultation links to /treament-form/, and the footer says Palm Jumeriah.	Spelling slips in menus and addresses weaken trust and search ranking.	**Proofread menus and clean page addresses.**
OUR TREATMENTS, WHY ÔRA FACE CLINIC, BEFORE | AFTER and the 360 paragraph each appear twice, and the three feature cards link to #.	Repeated blocks and dead cards make the page feel unfinished.	**One clean structure with working cards.**
The Facebook icon points to Instagram, and the footer Facebook link goes to ora.facecliniclondon, a different clinic.	Visitors land on another brand's page.	**Correct social links.**
No reviews, doctor names or credentials appear, before and after images have no captions, and image text shows file names.	Cosmetic patients choose on proof and see none.	**Reviews, named doctors and captioned results.**

What your new website will do for Ôra Face Clinic

- Proofread menus and a clean booking path with WhatsApp.
- One clean page structure and correct social links.
- Reviews, named doctors and captioned results.
