WEBSITE GROWTH AUDIT

Prime Lawyers

primelawyers.com.au | Sydney | Prepared for the Prime Lawyers team

Your family law page offers a free case evaluation, but the buttons that lead to it do not work and the form appears incomplete.

What I found on your website

What I saw	What it costs you	The fix
Every Click now to make an enquiry or get a free case evaluation button links to #.	The free evaluation is your main offer, and a button that does nothing loses the client.	**Every button linked to a working enquiry form.**
The form shows Preferred Office and Type of Enquiry but no name, email or phone field. The listed email uses primelaw.com.au, a different domain from the site.	A client cannot complete the form, and mixed domains look unsure.	**A complete form and one brand email.**
Only one testimonial is shown (from Phil), no lawyers are named, and the Knowledge Centre link uses a ?page_id=891 address.	Clients want to know who will act for them and hear from others.	**Lawyer profiles, more testimonials and clean links.**
Copy errors include making it a prime location for clients can easily access and he duration (missing first letter). The payment option is named three ways and the menu repeats.	Errors on a legal page lower trust.	**Proofread copy and a single payment option name.**

What your new website will do for Prime Lawyers

- A complete enquiry form behind every button, with click to call.
- Lawyer profiles, multiple testimonials and proofread, consistent copy.
