WEBSITE GROWTH AUDIT

Retaj Real Estate

retaj-realestate.com | Doha, Qatar | Prepared for the Retaj Real Estate team

A Qatar developer with over 80 projects appears to lose serious buyers because template demo menu items and a default filter option are still on show.

What I found on your website

What I saw	What it costs you	The fix
The page menu appears to still carry the theme demo list: Default With Caption, Side Search With Map, Splash Slider, Typography and Page 404.	A buyer or investor who sees demo names on a developer's site starts to doubt how carefully the company runs a project worth millions.	**A clean menu with only Buy, Rent, Projects and Contact.**
The property search status filter appears to offer an Out of Stock option next to For Rent and For Sale.	A visitor who picks it finds nothing, and a search that returns nothing sends the buyer to a competitor.	**A search filter that shows only options with real listings.**
Different Retaj teams appear to use separate WhatsApp numbers for leasing, maintenance and sales, with no single lead form for new buyers on the homepage.	A new buyer does not know which number to message, and an unanswered message is a lost sale.	**One clear enquiry path that sends each lead to the right team.**

What your new website will do for Retaj Real Estate

- Clean menu, no demo names.
- Search that shows real stock only.
- One enquiry path to the right team.
