WEBSITE GROWTH AUDIT

Sovereign Skin

sovereignskin.com | Yorkville, Toronto | Prepared for the Sovereign Skin team

You have a 4.8 rating from 386 reviews and a broad treatment menu, but dead menus, a stuck promo and no physician named hold back a premium brand.

What I found on your website

What I saw	What it costs you	The fix
The menu parents Treatments, Anti-Aging and Body Treatments link to #, and CO2 Laser goes to different pages on desktop and mobile.	A client choosing a treatment hits dead menus and mixed pages.	**Working menus with one page per treatment.**
The Gift Card Bonus Event banner reads Aug 25 to Sept 7 with no year, and its countdown shows all zeros.	A stuck promotion looks abandoned.	**A dated, working offer or none.**
All booking buttons go to /contact. No booking form appears and there is no WhatsApp, only SMS and WeChat.	Clients who want to book now have extra steps.	**A short booking form and a messaging option.**
No before and after images show, no physician is named although the page says to choose a med spa overseen by a medical doctor, and the copy says There's no other clinic like this.	Clients want proof, and unsupported claims weaken trust.	**Captioned results, a named medical director and sourced claims.**

What your new website will do for Sovereign Skin

- A booking form and working menus on every page.
- Captioned results, a named medical director and a dated offers section.
