WEBSITE GROWTH AUDIT

Studio Aesthetica

studioaesthetica.com.au | Paddington, Sydney | Prepared for Dr David Ong

Your doctor-led clinic offers a wide menu, but the site shows no proof and sends bookings down three different paths.

What I found on your website

What I saw	What it costs you	The fix
No patient reviews, testimonials or before and after images appear on the page.	Injectable and laser patients choose on proof, so they go to the clinic that shows results.	**Review wall and consented, captioned results.**
Book Now goes to Timely, the footer Bookings link goes to /book-appointment, and Book an appointment today goes to /contact-us.	Three booking paths confuse patients and lose bookings.	**One booking path, shown the same way on every page.**
Footer headings link to #, the Threadlift menu and footer go to different URLs, and stray text like Folder: About appears.	Dead links and leftover template text look unfinished on a medical site.	**Clean navigation and working links.**
No WhatsApp, phone only (0413 000 228), the footer says 2024, and treatments are repeated under different names.	Younger patients expect to message, and repeated menus make treatments hard to find.	**WhatsApp button, current copy and one menu entry per treatment.**

What your new website will do for Studio Aesthetica

- One booking button and WhatsApp on every page.
- Reviews, results and named doctors shown beside each treatment.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
