WEBSITE GROWTH AUDIT

Sydney Cosmetic Dentist

sydneycosmeticdentist.com.au | Bondi Junction, Sydney | Prepared for Dr Peter Poulos

Twenty years in Bondi Junction and a 4.9 rating are strong, but conflicting phone numbers, dead menus and template leftovers cost you enquiries.

What I found on your website

What I saw	What it costs you	The fix
Two phone numbers appear: 02 5502 1236 on the page and (02) 8999 3795 behind the Call Now button.	Patients may reach a different line than the one they see, and some calls are lost.	**One checked number everywhere.**
The Patients, Prices and Blog menu items link to #, and several buttons point to #open, #book and #pricelist anchors.	Patients looking for prices or booking hit dead ends.	**Working menus and a clear price list page.**
Leftover text shows: Circle IconArrow Icon, This field is for validation purposes and should be left unchanged, and No results found. after the case studies. Several blocks appear twice.	Template debris makes a premium practice look unfinished.	**Clean content with each section shown once.**
The page claims 4.9 stars and 85+ Google reviews but shows no review text, no before and after images appear, and 21 years conflicts with since 2006.	Veneer and implant patients want proof, and conflicting claims weaken it.	**A review wall, captioned results and consistent facts.**
