WEBSITE GROWTH AUDIT

Vision Dental Clinic

visiondentalclinic.com | Abu Dhabi, UAE | Prepared for Dr Hussein Salah Tahoun

An Abu Dhabi clinic with over 1,000 Google reviews and a named medical director is a strength, but cut off service text and booking on another website appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
Service descriptions appear cut off, for example 'Dental Implant is a material or device placed in and...' and 'Metal Braces are mostly made up of stainless steel brackets...'.	Patients cannot read what you offer and may go elsewhere.	**Finished descriptions for every service.**
The Book Appointment button appears to send patients to a third party website, and no opening hours or WhatsApp option appear.	Patients who prefer WhatsApp or want hours before booking have no route.	**A booking form on your own site, visible hours and a WhatsApp button.**
The medical director's name appears in two spellings, the 30 year team claim appears below his own 35 years, and the license label appears in two forms.	Mixed names and numbers weaken trust in a medical brand.	**Consistent names, figures and license text.**
Four of five dentists appear with only a title and no bio, and only nine of the 1049 reviews appear on the page.	Patients choosing a dentist want to know who will treat them.	**Dentist bios with qualifications and a live reviews feed.**

What your new website will do for Vision Dental Clinic

- Finished service descriptions.
- On site booking, hours and WhatsApp.
- Consistent details, dentist bios and reviews.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
