WEBSITE GROWTH AUDIT

Westmere Global

westmereglobal.com | Knightsbridge, London | Prepared for the family team

A family run prime London lettings and acquisitions offer is a strength, but a form that needs JavaScript and dead social links appear to cost you enquiries.

What I found on your website

What I saw	What it costs you	The fix
The contact form appears to show 'Please enable JavaScript in your browser to complete this form' and a garbled label 'I help? Email'.	A landlord or tenant who cannot complete the form moves to the next agent.	**A simple working form with WhatsApp.**
The page title appears to say Knightsbridge Estate Agents while the footer says Westmere Global Property, and the contact email appears on westmereproperty.com while the site is westmereglobal.com.	Mixed names and domains confuse clients and weaken trust.	**One brand name and one domain.**
The Instagram, LinkedIn, Facebook and YouTube links appear to go to #, and hero and gallery images appear to be blank placeholders.	Dead links and blank images look unfinished for a luxury agent.	**Working profiles and real photos.**
Buy and Sell appear in the menu but no sale listings show, only three rentals, and the proof appears to be one line, 'family-run business built over decades', with no reviews or team names.	Empty sections and thin proof lose instructions.	**Real listings, team names and reviews.**

What your new website will do for Westmere Global

- Working form, WhatsApp and one brand.
