WEBSITE GROWTH AUDIT

Skin Lab Medispa

skinlabmedispa.co.uk | London, UK | Prepared for the Skin Lab Medispa team

A Marylebone medical aesthetics clinic with a 5.0 rating appears to lose bookings to empty review sections, thin pricing and unclear links.

What I found on your website

What I saw	What it costs you	The fix
The section 161 Patients. One Common Thread. appears to show no reviews, and the Google rating appears claimed but not shown.	A rating with no visible quotes asks the patient to take your word for it.	**Real review quotes and a link to the source.**
View Marylebone appears to link to the homepage and View All Treatments appears to open the booking page.	Links that go to the wrong place frustrate patients ready to explore.	**Correct links to a clinic page and a treatment list.**
Only three treatments appear to show a price, and no opening hours appear despite a same week appointments claim.	Patients who cannot see price or hours compare other clinics.	**A fee guide and visible opening hours.**
The footer appears to read MONUMEN and treatment names appear in two spellings.	Small errors lower trust at a premium price point.	**Proofread copy and one spelling.**

What your new website will do for Skin Lab Medispa

- Review quotes and ratings shown.
- Correct links and a fee guide.
- Visible hours and clean copy.
