WEBSITE GROWTH AUDIT

Dental Oasis

dentaloasis.ae | Dubai, UAE | Prepared for the Dental Oasis team

A JLT clinic with a 4.9 Google rating appears to lose bookings to forms that need scripts and leftover site text.

What I found on your website

What I saw	What it costs you	The fix
The appointment form appears to have no date, time or treatment fields, and both forms appear to show Please enable JavaScript to complete this form.	Patients who cannot use the form leave without booking.	**A complete booking form that works for everyone.**
The language toggles and four feature cards appear to link to #, and some service links appear to use a different address pattern from the menu.	Visitors hit dead ends and broken service pages.	**Working links and consistent service pages.**
Stray labels such as Comment Phone Message appear in the form, and the footer appears to say Copyright 2025 with no business name.	Leftover text makes the clinic look unfinished.	**Clean labels and a correct footer.**
The 4.9 rating appears with no review count or source link, and no before and after examples or licence numbers appear.	Unsupported claims do not convince patients for veneers and implants.	**Linked reviews and a results gallery.**

What your new website will do for Dental Oasis

- Complete booking form.
- Working links.
- Clean labels, reviews and results.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
