WEBSITE GROWTH AUDIT

Montagu Dental

montagudental.com | London, United Kingdom | Prepared for the Montagu Dental team

A private Marylebone practice with 170 plus reviews appears to lose bookings to a Book Now button that goes nowhere.

What I found on your website

What I saw	What it costs you	The fix
The Treatments menu and the header Book Now appear to link to #, and the hours in the footer appear to link to #.	Ready patients hit a dead end on the main booking button.	**A working booking button and hours.**
The Google reviews block appears to show blank placeholder rows, and the review count appears as 170 plus, 170 and 175 in different places.	Inconsistent proof weakens a strong asset.	**One accurate review count and real review quotes.**
The Get in Touch and newsletter areas appear to show no form fields, and the email domain appears to differ from the website domain.	Visitors cannot easily write to you, and mismatched domains look odd.	**A working form and a matching email domain.**
The team appears twice with different job titles for the same staff, and typos such as relive strain and withfull appear.	Inconsistent titles and typos reduce trust in a clinical team.	**One team section and proofread copy.**

What your new website will do for Montagu Dental

- Working booking button.
- Accurate reviews.
- Form, one team section and clean copy.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
