WEBSITE GROWTH AUDIT

Hollywood Smile Dental Center (ATOS Medical Center)

medicalcenter.qa | Doha, Qatar | Prepared for the ATOS Medical Center team

A Doha cosmetic dental centre appears to lose smile makeover enquiries because there is no booking form and proof is thin.

What I found on your website

What I saw	What it costs you	The fix
The Book An Appointment section appears to give only a phone number and email, with no form or booking button.	Patients ready to book have to call or write, and many will not.	**An on page booking form.**
Contact Us and Call Us Now appear to point to the same anchor, and header and footer links for the same services appear to use different addresses.	Confusing links send patients to the wrong place.	**Consistent links and a clear primary button.**
The testimonials page address appears to be spelled testimonails, and the page appears as both Dental Center and Dental Clinic.	Typos and mixed names weaken trust.	**Proofread copy and one brand name.**
The stats such as 99+ satisfaction and 16+ honorary awards appear to name no source, and no before and after photos or dentist credentials appear.	High value patients want visible results and credentials.	**A results gallery, named dentists and sourced stats.**

What your new website will do for Hollywood Smile Dental Center (ATOS Medical Center)
