WEBSITE GROWTH AUDIT

Invisible Braces Clinic

ibclinic.ae | Sheikh Zayed Road, Dubai | Prepared for Dr Nikhil Sharma

You focus on braces and Invisalign with multiple WhatsApp routes, but conflicting contact details, placeholders and mixed messaging cost trust.

What I found on your website

What I saw	What it costs you	The fix
The orthodontic booking buttons use WhatsApp +971 58 875 9233 while the other buttons use +971 55 529 6155.	Patients message different numbers and some enquiries get lost.	**One checked WhatsApp number.**
The footer postal code reads Dubai - 0000, the address is written two ways, and the clinic appears in at least five forms (Invisible Braces Clinic Dubai, IB Clinic and others).	Placeholder details and changing names look unfinished.	**One name, one address.**
Treatment time is 6 to 24 months in one place and 12 to 24 months in the FAQ, and the page says we focus exclusively on braces while the menu lists skin treatments and laser hair removal.	Conflicting messages confuse patients.	**Consistent facts and a clear focus.**
We're Accepting New Patients is an empty heading, social links go to #, Dental Implants links to a Crowns page, and the review widget says 9 reviews but shows seven, including a root canal review.	Empty sections and mismatched reviews weaken proof.	**Complete sections and relevant reviews.**

What your new website will do for Invisible Braces Clinic

- One WhatsApp number, one name and one address.
- Complete sections, relevant reviews and a captioned before and after gallery.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
