WEBSITE GROWTH AUDIT

DIFC Lawyers

difclawyers.com | Sheikh Zayed Road, Dubai | Prepared for the DIFC Lawyers team

A clear DIFC and ADGM focus and a working enquiry form are strong, but unfinished text and no visible phone number appear to cost you high value enquiries.

What I found on your website

What I saw	What it costs you	The fix
The regulatory section ends mid sentence with 'the Financial Services', the consultation section starts in lowercase with no subject, and blog posts all carry the same date.	Cut off sentences on a law firm page make clients doubt the care behind the advice.	**Finished, proofread copy and real publish dates.**
No phone number appears as text. The only number sits inside a WhatsApp link, and several icon links have no label.	Corporate clients who want to call cannot find a number quickly.	**A visible click to call number and labelled contact options.**
The logo appears to use a blank placeholder image and the legal concepts link goes to the family law page.	A missing logo and wrong links weaken trust at first glance.	**A working logo and correct links.**
No client testimonials, case results or registration details appear, and only one lawyer is named.	Companies choosing a DIFC firm look for named lawyers and proof.	**Named team profiles, credentials and client proof.**

What your new website will do for DIFC Lawyers

- A clear first screen with a visible phone number, WhatsApp and one enquiry form.
- Finished copy, a named team and dated, useful articles.
- Credentials and client proof placed beside every call to action.

How it works

2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
