WEBSITE GROWTH AUDIT

Lorne Park Dental

lorneparkdental.com | Mississauga, Canada | Prepared for Dr Rosanna Fasciani, Dr Nahim Ali and Dr Corcoran

A Mississauga family practice with three named dentists and an accessible office is a strength, but a booking form with no visible submit button and mixed team links appear to cost you new patients.

What I found on your website

What I saw	What it costs you	The fix
The appointment form appears to show raw dropdown text ('Preferred Time - None - MorningAfternoon') and no visible submit button.	A new patient who tries to request an appointment may not know how to finish.	**A clean booking form with a visible button and confirmation.**
The main menu appears to link to /meet-our-mississauga-team while the body links to /meet-our-team, and the carousel Previous and Next buttons appear to point to the same anchor.	Patients may land on a broken page or a carousel that does not move.	**One correct team page and working carousel controls.**
The Google Maps link in the header appears to end in a stray '6', and Friday hours appear in a different format from the other days.	A broken map link and mixed hours cost patients who come to find you.	**A correct map link and one hours format.**
Only one unattributed testimonial appears with no ratings or review count, and Dr Corcoran appears with no first name.	Thin proof and half named staff weaken trust for a new patient.	**Named reviews with ratings and full dentist profiles.**

What your new website will do for Lorne Park Dental

- A clean booking form.
- One team page and working controls.
- A correct map link, one hours format and visible proof.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.

Book your 15 minute preview call
