WEBSITE GROWTH AUDIT

Cosmos Clinic

cosmosclinic.com.au | Sydney, Australia | Prepared for Associate Professor Peter Haertsch

A multi city cosmetic surgery brand with over 15k procedures is a strength, but visible form text and no online booking for surgical consults appear to cost you high value patients.

What I found on your website

What I saw	What it costs you	The fix
The hidden form field note 'This field is for validation purposes and should be left unchanged' appears visible, and a stray character appears near the enquiry form.	Visible test text on the enquiry form makes a premium brand look unfinished.	**A clean enquiry form with hidden technical fields.**
Every surgical 'Book here' link appears to go to a general contact page, and surgical consults appear to have no direct online booking.	High value patients who expect to book online may go to a clinic that lets them.	**A real online booking flow for consults.**
Three blog posts appear dated 'September 15, 2026' while the latest posts show 'November 2, 2026', and the Sydney hours appear different from the other clinics.	Template dates and mixed hours look careless.	**Correct dates and one clear hours block.**
The claim 'over 15k procedures performed' appears with no source, and no patient reviews or ratings appear, only 'As seen on' logos with no links.	Cosmetic patients choose by proof, and unsourced numbers weaken it.	**Sourced figures, linked media and real reviews.**

What your new website will do for Cosmos Clinic

- A clean enquiry form.
- A real consult booking flow.
- Correct dates, sourced results and visible reviews.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
