WEBSITE GROWTH AUDIT

Nera Specialty Medical Center

neramed.com | Riyadh, Saudi Arabia | Prepared for the Nera team

A multi specialty Riyadh centre appears to lose bookings to missing address and hours details and unsourced proof.

What I found on your website

What I saw	What it costs you	The fix
The hours appear as Sun to Thu 8 AM to 12 PM with a stray pipe, with no afternoon, Friday or Saturday information.	Patients cannot tell when the centre is open.	**One clear hours table.**
No street address appears in text, only a map icon, and the phone number appears away from the booking buttons.	Patients cannot easily find or call you.	**A visible address and phone beside the booking button.**
The stats such as 200,000 visits and 10,000 surgeries appear to cite no source, and the rating of 4.6 appears with no source.	Unsourced numbers do not build trust.	**Sourced figures and linked reviews.**
Doctor cards appear to say Accepting bookings without linking to booking, one doctor appears to have no photo, and the hero copy appears to mention a smile.	Visitors cannot book directly from a doctor card, and template text looks careless.	**Book buttons on each doctor and corrected copy.**

What your new website will do for Nera Specialty Medical Center

- Clear hours.
- Address and phone.
- Sourced proof and booking buttons.
