WEBSITE GROWTH AUDIT

Dr. Atef H. Rizk Clinic

iamrizk.wixsite.com/dratefrizkclinic | Doha, Qatar | Prepared for the Dr. Rizk Clinic team

A Doha private clinic serving corporate clients since 1987 appears to lose new patients to a site that says last updated 2013, a repeated welcome and a free builder address.

What I found on your website

What I saw	What it costs you	The fix
The footer appears to say Last updated: Saturday 14, September 2013 and Best viewed in Google Chrome or Firefox, pages may not appear in some versions of Internet Explorer.	A date from 2013 and a note about Internet Explorer tell a visitor the clinic may not be active, so they choose a clinic that looks current.	**A current page with no outdated notes.**
The welcome heading and line appear twice in a row on the homepage.	Repeated text looks careless and wastes the visitor's first few seconds.	**One clear welcome message.**
The site appears to run on a free Wix address, with a Wix banner on the page.	A free builder address looks temporary for a clinic that advises large companies.	**Your own domain and a clinic email.**
No WhatsApp and no clear online booking appear, only a phone line with an extension.	Patients and company HR teams who want a quick answer message first, and the clinic that replies first gets the booking.	**Online booking on the page and a one tap WhatsApp button.**
