WEBSITE GROWTH AUDIT

Top Beauty Med Spa

topbeautymedspa.wixsite.com/my-site | Toronto, Canada | Prepared for the Top Beauty Med Spa team

A Midtown Toronto med spa appears to lose bookings to leftover template text, a free builder address and no WhatsApp.

What I found on your website

What I saw	What it costs you	The fix
One service appears to still carry template text, Describe your service here. What makes it great? Use short catchy text to tell people what you offer.	Template text on a booking page makes the business look unfinished and costs trust.	**Real copy for every service.**
The site appears to run on a free Wix address, with a Wix banner on the page.	A free builder address looks temporary for a med spa that charges for treatments.	**Your own domain and a business email.**
The contact appears to be a gmail address, with a contact form and a phone number but no WhatsApp.	Clients who want to book at night message first, and a free email gives less trust.	**A business email and a one tap WhatsApp button.**
The page appears to list teeth whitening and waxing next to a med spa label, with no prices or before and after proof.	Clients comparing med spas look for clear treatments, prices and results.	**Treatment pages with prices and results.**
