WEBSITE GROWTH AUDIT

Nihang Law

nihanglaw.ca | Toronto, Canada | Prepared for the Nihang Law team

A Toronto and Scarborough law firm with a 4.7 Google rating appears to lose enquiries to zero counters, copy errors and a pasted form description.

What I found on your website

What I saw	What it costs you	The fix
The Clients, Counselled, Programs and Territories counters appear to read 0+.	Zeros erase the proof that a client needs before calling a lawyer.	**Fixed numbers or working counters.**
Copy such as make sure you legal disputes and attention detailed appears on the homepage.	Grammar errors on a law firm site weaken trust in the firm's attention to detail.	**Proofread English copy.**
The Wills and Power of Attorney intake text appears to repeat the immigration assessment wording.	A pasted description tells a visitor the form may not be for them.	**Correct text for each intake form.**
No WhatsApp appears, only a phone number and a form.	Many clients in Toronto prefer to message in their own language first.	**WhatsApp with the six languages you offer shown.**
