WEBSITE GROWTH AUDIT

Woodside Dental Practice

woodsidedental.co.uk | London, UK | Prepared for the Woodside Dental team

A Wimbledon family dental practice appears to lose new patients to old awards, a Covid-19 menu item and an undated footer.

What I found on your website

What I saw	What it costs you	The fix
A Covid-19 item still appears in the main menu.	Old pandemic pages make the practice look stuck in an earlier year.	**Remove or replace it with a patient info page.**
The newest awards shown appear to be from 2013 and 2016.	Old awards read as old proof, so new patients trust recent reviews on other sites more.	**Recent reviews and awards with dates.**
The footer appears to show a copyright with no year.	A missing year suggests the site is not kept current.	**A footer with the current year.**
A Send a Selfie item appears in the menu with no explanation.	Unclear menu items confuse new patients.	**Clear labels for every menu item.**

What your new website will do for Woodside Dental Practice

- Modern patient menu.
- Recent proof.
- Current footer and clear labels.
