WEBSITE GROWTH AUDIT

Alhilal Aljameel Commercial Brokerge

brokergealhilalalj.wixsite.com/realtor | Dubai, UAE | Prepared for the Alhilal Aljameel team

A Dubai property company appears to lose enquiries to a listed email that seems not to receive mail, a spelling error in its name and a free builder address.

What I found on your website

What I saw	What it costs you	The fix
The site lists info@alhilalaljameelbrokerge.com, but that web domain appears not to exist, so mail sent there would bounce.	Every client who writes to the main email address is lost, and you never see the enquiry.	**A working email on a real domain.**
The business name appears as Brokerge, a misspelling of Brokerage, in the page title and in the web address.	A spelling error in the firm's own name weakens trust in a property business.	**The correct name and a clean domain.**
The site appears to run on a free Wix address, with a Wix banner and a 2021 copyright date.	A free builder address and an old date look temporary.	**Your own domain and a current page.**
The page appears to show stray characters near the contact section, and no WhatsApp appears.	Stray text looks unfinished, and renters who want a quick answer have no easy way to message.	**A clean contact section and a one tap WhatsApp button.**

What your new website will do for Alhilal Aljameel Commercial Brokerge

- Working email and correct name.
- Own domain.
- Clean contact and WhatsApp.
