WEBSITE GROWTH AUDIT

Xara Skin Clinic

xaraskinclinic.site123.me | Sydney, Australia | Prepared for the Xara Skin Clinic team

A Lane Cove skin clinic appears to lose bookings to a free builder address, a homepage made of 2020 and 2021 blog posts and no online booking.

What I found on your website

What I saw	What it costs you	The fix
The site appears to run on a free SITE123 address, with a footer that says I BUILT MY SITE FOR FREE USING SITE123.	A free builder footer looks temporary for a clinic that sells skin treatments.	**Your own domain and a branded footer.**
The homepage appears to show blog posts dated 2020 and 2021 instead of your treatments and prices.	A visitor sees old posts and not what you offer, so they leave for a clinic that shows treatments.	**Treatment pages with prices and results.**
The page appears to be labelled Beauty Salon Sydney rather than a skin clinic.	Clients searching for laser and skin treatments may not find you under a salon label.	**A clear title with your treatments and suburb.**
No online booking and no WhatsApp appear, only two phone numbers and a gmail address.	Clients who want to book at night cannot, and they book where they can.	**Online booking on the page and a WhatsApp button.**

What your new website will do for Xara Skin Clinic

- Own domain and branding.
- Treatment pages with prices.
- Booking and WhatsApp.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
