WEBSITE GROWTH AUDIT

Al Barq Real Estate Brokers

albarqrealestate.weebly.com | Dubai, UAE | Prepared for the Al Barq team

A Dubai real estate broker with a RERA registration shown appears to lose buyers and owners to a thin homepage and spacing glitches.

What I found on your website

What I saw	What it costs you	The fix
The page title appears to show broken spacing in the brand name, such as Al and Barq with extra space codes.	A messy name in the browser tab and search results looks careless.	**A clean brand name in the title.**
The homepage appears to be a short paragraph with no listings, areas or team shown.	Buyers and owners cannot see what you offer or who you are.	**Featured listings, areas and team on the homepage.**
The site appears to run on a free Weebly address, with a footer that says Powered by Create your own unique website.	A builder advert in the footer looks temporary for a brokerage.	**Your own domain and a branded footer.**
A menu item reads Online Forum, and only a landline and fax appear, with no form or WhatsApp.	Property enquiries in Dubai usually start on WhatsApp.	**A clear menu, an enquiry form and WhatsApp.**

What your new website will do for Al Barq Real Estate Brokers

- Clean title.
- Listings and team.
- Own domain, form and WhatsApp.
