WEBSITE GROWTH AUDIT

Kayrouz & Associates

kayrouzandassociates.com | Business Bay, Dubai | Prepared for Mr. Kayrouz and team

Kayrouz has a clear founding story since 2006, a named team and a WhatsApp link. Typos, duplicate content and a lack of proof weaken a firm that wants corporate clients.

What I found on your website

What I saw	What it costs you	The fix
Visible typos: Ladnline instead of Landline, and Ethical pactice in the Responsible Business menu. The brand shows as Kayrouz & Associates and Kayrouz & Partners.	A law firm that sells precision cannot have typos in its own menu and contact details.	**A proofread build with one brand name.**
No testimonials, case results, awards or client logos appear. The only proof is 4,500+ matters handled, with no source or date.	Corporate clients look for proof and a claim without a source is easy to doubt.	**Named client quotes, case outcomes and a sourced figure.**
The Branded Residence in Dubai card appears three times, Founded in 2006 repeats, and the footer shows Language Language and an unexplained tagline Know & Advise.	Repeated content and stray labels push your real services down and look unfinished.	**One clean version of each section.**
All three calls to action go to the same long form, with phone required but email optional. WhatsApp appears only as a small footer icon, and date formats vary.	A long form and a hidden WhatsApp lose clients who want a quick first message.	**A short intake form and a visible WhatsApp button.**

What your new website will do for Kayrouz & Associates

- A consultation first page with a short form, visible WhatsApp and a calendar link.
- Named proof beside every button and one clean set of practice pages.
