WEBSITE GROWTH AUDIT

M1 Med Beauty

m1-beauty.com.au | George Street, Sydney CBD | Prepared for the M1 Med Beauty team

M1 Med Beauty has clear treatment categories, a free consultation and a persistent Book Now button. A location error and no proof reduce confidence in a doctor led clinic.

What I found on your website

What I saw	What it costs you	The fix
The Melbourne paragraph says M1 Med Beauty Melbourne is located in Dymocks Building Suite 12, but gives a Sydney address on George Street. No Melbourne address appears.	A patient who reads the wrong address may go to the wrong clinic, and it makes the page look careless.	**One correct address per clinic.**
No reviews, testimonials or before and after images appear, and no doctors are named, even though the page says experienced and qualified doctors perform treatments.	Injectable patients decide on proof and on who treats them. Without it, the claim is just words.	**Named doctors with credentials, reviews and captioned results.**
Booking is a separate page with no form or chat. CTA wording varies (Book NOW, Book now, BOOK YOUR FREE CONSULTATION), and the free consultation is not explained.	A patient is unsure what they get for free and how to claim it.	**A short booking form and one clear free consultation offer.**
Treatment lists repeat in the menus and again in the main section, the heading Aesthetic treatments appears twice, and hours show Monday to Friday only.	Repeated lists make the page long, and missing weekend hours cost bookings.	**A simpler page and clear opening hours.**

What your new website will do for M1 Med Beauty

- A proof first homepage with named doctors, reviews and captioned results beside every booking button.
- A clean booking form, a clear free consultation offer and correct clinic details.
