WEBSITE GROWTH AUDIT

Ghanim Law Firm

ghanimlawfirm.qa | West Bay, Doha | Prepared for Ghanim Nasser Al-Maadheed

Your West Bay firm covers corporate, family and labour work, but repeated blog text, dead app buttons and an exposed login link make the site look unfinished.

What I found on your website

What I saw	What it costs you	The fix
Five blog posts (QFC, Corporate Taxation, Foreign Ownership, Judicial Enforcement, Labour Law) show the same Mergers and acquisitions excerpt. The Directors' Liability summary is generic filler.	Mismatched excerpts make a law firm look careless.	**Unique, accurate summaries for every post.**
The Apple Store and Google Play buttons both link to /consultation/, and the Arabic toggle, the Privacy Policy link and several icons link to #.	Buttons that go to the wrong place lose clients and break trust.	**Remove the app buttons or link them properly, and fix every # link.**
The contact form shows Case Type and consent but no name or email field appears. There is no WhatsApp, and the first number is labelled Emergency call.	A client who cannot complete the form moves to another firm.	**A complete enquiry form and a WhatsApp button.**
A footer link Contact Law likely means Contract Law, a plugin banner (Optimized by Seraphinite Accelerator) shows, and a /glf-admin-login/ sign in link sits on the public page. No testimonials appear.	Leftovers and an exposed login signal an unmaintained site.	**Clean footer, no public login link, and client testimonials.**

What your new website will do for Ghanim Law Firm

- A complete enquiry form, WhatsApp and click to call on every page.
- Unique service and blog content, client testimonials and a clean, secure footer.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
