WEBSITE GROWTH AUDIT

25 Spaces Real Estate

25spaces.com | The Pearl, Doha | Prepared for the 25 Spaces team

25 Spaces has a licence number, a 4.9 Google rating and a modern layout. Repeated blocks and missing channels weaken a strong first impression, and Qatar buyers expect WhatsApp.

What I found on your website

What I saw	What it costs you	The fix
The first two Featured Listings are identical: the same Porto Arabia unit, price and specs. The Impact in Numbers block and the testimonials also appear two or more times.	A repeated listing in the first position wastes your best space and makes the site look careless to a buyer comparing agencies.	**Unique featured listings and one clean version of each section.**
No WhatsApp button or chat widget appears, even though WhatsApp is a main channel in Qatar. The enquiry form is the only way to ask.	A buyer who wants a quick answer on a listing messages another agency that offers WhatsApp.	**A WhatsApp button on every listing with a pre-filled message.**
The QAR 1,850,000 Viva East unit has no for sale label, so it can read as a rental. The form consent text is long and dense.	Unclear listings and heavy consent text cost enquiries from buyers who give up before sending.	**Clear Buy or Rent labels on every card and a short, clear consent line.**
Testimonials are attributed to first names or initials only, with no photos or dates, and the 17 + counter has a stray space. Social icons have no labels.	Unattributed proof is easy to doubt, and small errors weaken a licensed agency's image.	**Named, dated reviews linked to your Google profile, and clean, labelled links.**
