WEBSITE GROWTH AUDIT

National Medical Center (Satwa)

nationalmed.ae | Satwa, Dubai | Prepared for the National Medical Center team

National Medical Center already has WhatsApp booking and a good set of treatments. Repeated sections, empty pages and visible typos make the site look unfinished, and there is little proof to convince a new patient.

What I found on your website

What I saw	What it costs you	The fix
Services, Why Us and Complete Dental Care each appear twice with near identical text. The Blog and FAQ show headings but no content.	Repeated and empty sections look unfinished and dilute your search ranking.	**One clean page structure with real FAQ and blog content that answers what patients search for.**
Booking is WhatsApp and phone only. The Contact us section has no form, and the footer phone (043453906) does not match your main number.	A visitor who prefers a form, or dials the wrong footer number, is lost without you knowing.	**Booking form beside WhatsApp, one verified phone number everywhere.**
Six testimonials with first names only, no stars or dates. No before and after images, no named doctors or credentials.	Without visible doctors and results, price decides and you lose to the cheapest clinic.	**Doctor profiles with credentials, a captioned results gallery and your Google reviews with star ratings.**
Typos: Satwa,UAE and confidence,Let have no spaces and the footer reads Copyright behave 2024. The page repeats best dental clinic in Dubai about seven times and uses the word cheap.	Typos and keyword stuffing weaken trust. Cheap positions you as low quality when you could sell on care.	**Proofread, natural copy that sells care and results, written to rank for Satwa and Dubai searches.**

What your new website will do for National Medical Center (Satwa)

- A proof first homepage: named doctors, real reviews with stars and before and after cases next to every booking button.
- Booking form plus WhatsApp on every page, with one correct phone number.
- A page per treatment, written to rank for searches like dental veneers Dubai and dentist in Satwa.

How it works

1	**15 minute call** I show you a preview of your new design. No cost.
2	**Approve the look** You pick changes. I build in days, not months.
3	**Launch and track** Booking, WhatsApp and forms tested on mobile before go live.
