WEBSITE GROWTH AUDIT

Solaf Real Estate

solafrealestate.wixsite.com/solaf-real-estate | Doha, Qatar | Prepared for the Solaf Real Estate team

A Doha real estate office appears to lose enquiries to stray text on its contact page, no property listings and a free builder address.

What I found on your website

What I saw	What it costs you	The fix
The contact page appears to show stray text, Telephone: tt, and an old address, solafrealestate.wix.com.	An unfinished contact page is where a buyer decides whether to call, and an old address can confuse them.	**A clean contact page with one correct address.**
The menu appears to list Chairman's Message and Director's Message but no property listings.	Buyers and tenants come to see properties, and without them they leave for the big portals.	**Listing pages with filters and photos.**
The site appears to run on a free Wix address, with a Wix banner on the page.	A free builder address looks temporary for a real estate office.	**Your own domain.**
The contact appears to be a hotmail address, with no enquiry form or WhatsApp, though three mobile numbers are shown.	Buyers who want a quick answer message first, and a free email gives less trust.	**An enquiry form and a one tap WhatsApp button.**

What your new website will do for Solaf Real Estate

- Clean contact page.
- Property listings.
- Own domain and WhatsApp.

How it works

1. **15 minute call**
   I show you a preview of your new design. No cost.
2. **Approve the look**
   You pick changes. I build in days, not months.
3. **Launch and track**
   Booking, WhatsApp and forms tested on mobile before go live.
