WEBSITE GROWTH AUDIT

First Future Medical Complex

ghffmc.wixsite.com/ghffmc | Jeddah, Saudi Arabia | Prepared for the First Future team

A Jeddah polyclinic open 24 hours appears to lose patients because its page still shows template placeholder articles, template events and a free builder footer from 2019.

What I found on your website

What I saw	What it costs you	The fix
The Media Center appears to show three articles that still carry the template text This is your News Article. Whether you have got new treatments available...	A patient who reads template instructions on a medical site doubts that anyone looks after the clinic, and a clinic that looks unattended loses the booking.	**Remove placeholders and publish real news or leave them out.**
The Upcoming Events block appears to list three events in San Francisco, and a BandsInTown and an Instagram block appear with no content.	Events in another city on a Jeddah clinic page confuse patients and make the clinic look unfinished.	**Remove the empty blocks.**
The page appears to run on a free Wix address with a Wix banner, and the footer appears to say 2019 by First Future Medical Complex.	A 2019 date and a builder advert make a 24 hour polyclinic look inactive, and families choose a clinic that looks current.	**Your own domain and a current footer.**
The contact appears to be a gmail address and one phone number, with no WhatsApp button.	Patients in Jeddah message first, and a clinic that cannot be messaged in one tap loses them.	**A one tap WhatsApp button next to Book Online.**
