WEBSITE GROWTH AUDIT

Neutral Bay Laser & Dermatology Clinic

neutralbaydermatology.com.au | Neutral Bay, Sydney | Prepared for Dr Terence Poon and the team

Thirty two years of experience and a wide laser menu are strengths, but an unfinished footer and an old closure notice appear to cost you patients.

What I found on your website

What I saw	What it costs you	The fix
The footer appears to read '© Neutral Bay Laser & Dermatology Clinic year. All rights reserved.' with a template placeholder instead of the year.	A placeholder in the footer makes a medical practice look unattended.	**Current footer.**
A banner appears to say the clinic is closed until January 18th while reception reopens on January 11th, and the text repeats.	An old or confusing closure notice may lead patients to think you are shut.	**Remove or correct notices.**
The page appears to say '18 laser, light and energy-based treatment options' and also 'over 16 specialty laser and light-based therapies', and the clinic name appears three ways.	Conflicting numbers and names weaken trust and search visibility.	**One number and one clinic name.**
The main booking button is labelled Contact Us and appears to link to an external HotDoc page, Recive appears in the copy, and no testimonials appear.	Unclear booking and no proof lose patients.	**Clear Book button, proofread copy and reviews.**

What your new website will do for Neutral Bay Laser & Dermatology Clinic

- Current footer and no stale notices.
- One treatment count and clinic name.
- Clear booking button and reviews.
